Members and Friends Share Recommendations

1. Our friend, Edna Daigre, is offering a spring class in movement and breathing. Those who've attended her previous classes have liked them a lot, so give it a try. The flyer, with a link to register, is attached.
2. **Bob Anderson** shared amazing nature photographs (attached as *Take your camera with you always*).
3. **Rick Grossman** has two excellent suggestions regarding your vaccine cards: "In thinking through our need for these in the future, I have two suggestions: 1) Take a photo of them (and all documents/cards) with your phone so you can access

when needed; 2) Laminate them. This will keep them looking more official and keep them clean as you may be handing them to people.” Rick can help with lamination.

4. **Kathleen O’Connor** shared a humorous attachment, *Travel Restrictions*, saying “not what you expected!”

Yours,

Denise
