

WIDER HORIZONS ONE SMALL STEP PROJECT

Fostering Meaningful Conversations Across Political Differences

GOALS & ACCOMPLISHMENTS

1. To provide the opportunity for Wider Horizons members to deepen their relationships and understanding of each other.

- 32 *One Small Step* conversations have been completed. Consensus feedback: A very valuable way to enhance relationships within WH.
- Several WH members are ready to offer more conversations.
- Interested in having a *One Small Step* Conversation? Check out the [Conversation Guide](#) and/or contact any member of the Steering Group.

2. To build bridges of understanding and respect between people of differing world views.

- We are engaging conservatives in Seattle/King County/ Washington State.
- We have made connections with the King County Republican Party. Two *One Small Step* conversations have been held with members of the KC GOP; more to come!
- We are partnering with the strong, vibrant Washington State *Braver Angels* organization. Other workshops *just for Wider Horizons members* are planned.

Interested? Contact any member of the Steering Group.
