

The Democracy Action Group (DAG) focuses on increasing the 35% of American citizens who voted in the last election. Voting is being made more difficult in some states and voters need to know how they can get their ballots. Some DAG members send postcards or letters to potential voters, make phone calls and even visit voters in person. To learn more about actions YOU can take, join us on Zoom on Sunday, October 1 at 4 pm. The link will be sent later.
