

Greetings!

My name is Daniel and I just recently moved to the Seattle from Israel. So far I love Capitol Hill and would like to stay in the area. I'm looking for a room and am open to different types of arrangements.

A little about myself...

I'm 32 and was working in tech until recently. I love to cook and play music amongst other things and am looking to find a nice place to unwind and start a new leg of my journey here in Washington.

Thanks in advance!

Daniel Hersch
