

## Questions for Tuesday, December 12, Members & Friends Gathering

1. **Love.** How do you describe/experience love? (For example, from **Debbie Ward**: *One way that I experience love is as vulnerability, i.e., if something happened to this person, I would be severely affected. My heart would ache.*)
2. **Protests, marches and vigils.** No doubt, most of us have followed the fallout from last week's Congressional testimonies of the college Presidents of Harvard, University of Pennsylvania, and M.I.T. Over the course of your life, have you chosen to be part of marches and vigils? What was your experience then? How does participation today differ from the era of Vietnam or Martin Luther King? What does history teach us? And, are we listening?
3. **Open topic** -- to be decided by those who choose this option.
