

**Sunday, March 24, 3 - 5 pm**

**at Vicki Downs' Home  
909 E Newton St, Unit D9**

**Attendance limited to 20 and your RSVP to Denise Klein is required!**

**Nancy Hooyman, PhD  
Dean Emeritus, University of Washington  
School of Social Work  
and President  
Wider Horizons Board of Directors**

**will speak about**

## ***Care Justice for Family Caregivers and Home Care Workers***

Nancy will present a policy and programmatic framework for addressing inequities surrounding the work of paid and unpaid caregivers. She says: *Come with an inquiring mind about the potential for fundamental structural changes and collective responsibility to support the work of care.*

*I'll present examples of promising progressive policies, programs, and strategies, including immigration reform, to attain care justice. Each of us can be policy advocates and activists to transform how care is structured and rewarded in our society. Together, let us envision a society in which inequities have been successfully addressed.*

*I look forward to your questions and a lively exchange of ideas.*

**contact Denise Klein if you have questions or need a ride:
